The superintendent may require a teacher to make reports to the principal.

A teacher shall be given access to the information in the student information management system to expedite the process of preparing reports or otherwise providing information. A teacher shall not be required by the local board, the superintendent, or the principal to (i) provide information that is already available on the student information management system; (ii) provide the same written information more than once during a school year unless the information has changed during the ensuing period; or (iii) complete forms, for children with disabilities, that are not necessary to ensure compliance with the federal Individuals with Disabilities Education Act (IDEA).
